

Robot-ready checklist

robotfitter.co.uk

WiFi

- ☐ Speed-tested every room the robot will use
- ☐ Fixed dead spots (mesh WiFi or an extender)
- ☐ Garage or garden covered, if it will work there

Docking spot

- ☐ About 1 m² of clear floor near a socket
- ☐ Off the main walkway
- ☐ Not blocking doors, radiators or cupboards

Privacy

- ☐ Camera-free and no-go rooms chosen (bedrooms, bathrooms)
- ☐ Maker's privacy settings read
- ☐ Remote-operator rule decided
- ☐ Robot on its own WiFi network, if your router allows
- ☐ Everyone in the house knows how to pause it

Stairs and floors

- ☐ Stairs clear, no trailing cables or extension leads
- ☐ Loose rugs secured or removed
- ☐ Fragile things moved out of reach

Rooms to keep camera-free:

Notes:

Coming soon: a £49 home readiness survey covering all of this, by video, with a robot-ready report. Join the list at robotfitter.co.uk

Pets and children

- ☐ House rules agreed before day one
- ☐ Plan for introducing it to pets
- ☐ Pet bowls and litter trays out of its paths

Doors and thresholds

- ☐ Heavy or self-closing doors noted
- ☐ Raised thresholds and steps between rooms noted

Insurance

- ☐ Contents cover checked for the robot's value
- ☐ Accidental damage it causes checked
- ☐ Warranty paperwork filed

Routine

- ☐ When it works (for example, while you're out)
- ☐ Where it waits when idle
- ☐ Who controls it in the app
